The name of each special account listed is hyperlinked to its establishing legislation, which is either a determination made by the Finance Minister or an Act, on the Comlaw website. This Chart of special accounts is also available on the Finance website at [http://www.finance.gov.au/financial-framework/financial-management-policy-guidance/special-accounts.html](http://www.finance.gov.au/financial-framework/financial-management-policy-guidance/special-accounts.html).

A special account is an appropriation mechanism that provides a special appropriation for payments of the Commonwealth. A payment made by debiting the balance of a special account is met from the Consolidated Revenue Fund (CRF). Such payments may be made only for the legislated purposes of the particular special account.

The appropriation authority to draw money from the CRF, using a special account, is provided in the Public Governance, Performance and Accountability Act 2013 in either section 78 (relating to special accounts determined by a determination) or section 80 (relating to special accounts established by an Act).
