Subject: Appointment of new WoAG Vehicle Rental Services provider

Issue date: 29 June 2018

Dear Entity Travel Manager,

Today the Department of Finance (Finance) signed a deed to appoint Hertz Australia (Hertz) as the sole provider of Vehicle Rental Services to the Australian Government.

Hertz was awarded the contract following a competitive open tender process undertaken by Finance with assistance from a number of entities.

The new Vehicle Rental Services Arrangement (the Arrangement) will replace the existing whole of Australian Government car rental panel consisting of Europcar and Thrifty, which commenced on 1 July 2012.

The Arrangement is for an initial period of three years, with extension options of up to three years.

The Arrangement will provide benefits including:

- a single supplier providing consistent processes, pricing and services
- lower pricing than under the current WoAG car rental arrangement
- coverage at more locations
- an improved process for the payment of tolls and the provision of enhanced data
- discounted international vehicle rental as an optional service.

Use of the Arrangements is mandatory for Non-Corporate Commonwealth Entities subject to the *Public Governance, Performance and Accountability Act 2013* (PGPA Act). Corporate Commonwealth Entities will be able to opt-in to the Arrangement.

Hertz and Finance will work with entities to transition to the Arrangement over the next six months, with full transition to be completed by 1 January 2019.
