WoAG Travel Advice 2017/24

Subject: **Airport Arrival Times and Additional Security Screening**

Issue date: 31 July 2017

Agency Travel Managers

Additional airport security measures have been introduced at Australia's major airports. The table below advises the <u>minimum</u> recommended time that travellers should allow to clear the security screening procedures. Travellers should also limit their carry-on baggage where possible to assist with progress through airport security screening.

Airline	Arrive at Airport	Check-in/Bag Drop closes
Jetstar	Minimum two (2) hours before departure	30 minutes before take-off
Qantas Domestic		30 minutes before take-off
Regional Express (REX)		30 minutes before take-off
Virgin Australia		45 minutes before take-off
All International Carriers	Minimum three (3) hours before departure	Check with your carrier.

For further information on arrival times and airport security screening please consult your airline's website (search 'check-in') and social media feeds and airport websites.
