

RICK WILSON

**BUILDING OUR ECONOMY.
SECURING YOUR FUTURE.**

Dear Mr Smith,

Soon, all Australians will decide who governs for the next three years.

This election will be close. **Your choice will determine who manages Australia's economy.**

A stronger economy is the key to ensuring more jobs and opportunities. It's what funds our local schools, hospitals and roads.

Locally, we're committed to a plan which includes securing the future of Goldfields Rehabilitation Services Incorporated, with \$1.5 million committed over the next 12 months to fund its drug rehabilitation program and medical detoxification facility.

We're making the Goldfields a better place to live by filling labour shortages through a Designated Area Migration Agreement and extending the cashless debit card trial.

For the last decade, governments in Australia have not lived within their means.

Over six years, Labor delivered six deficits totalling \$240 billion.

This year, for the first time in over a decade, the Government is delivering a Budget surplus.

Now is not the time to turn back.

Labor has made a lot of promises, but hasn't explained how they'd work or be paid for.

Mr Shorten also wants higher taxes on retirees, housing, incomes, investments, family businesses, electricity and more. This is a risk for our economy.

I'm proud to be part of Scott Morrison's team. With your support, we will work to build our economy and secure your future.

Thank you for your time.

SECURING YOUR FUTURE.**

Dear Mr Smith,

Soon, all Australians will decide who governs for the next three years.

This election will be close. **Your choice will determine who manages Australia's economy.**

A stronger economy is the key to ensuring more jobs and opportunities. It's what funds our local schools, hospitals and roads.

We're also committed to securing the future of the live animal export trade and a brighter future for our farmers. This will ensure that our communities remain strong and that there are jobs for our children.

Locally, we're investing \$70 million to boost the productivity and safety of roads in the Wheatbelt.

For the last decade, governments in Australia have not lived within their means.

Over six years, Labor delivered six deficits totalling \$240 billion.

This year, for the first time in over a decade, the Government is delivering a Budget surplus.

Now is not the time to turn back.

A stronger economy is the key to ensuring more jobs and opportunities. It's what funds our local schools, hospitals and roads.

Locally, we're committed to a plan which includes securing the future of cancer treatment in the Great Southern, with \$6.6 million committed towards a radiation machine in Albany so that people can be treated closer to home.

We're making child care more affordable and delivering record funding for schools, that is continuing to grow.

For the last decade, governments in Australia have not lived within their means.

Over six years, Labor delivered six deficits totalling \$240 billion.

This year, for the first time in over a decade, the Government is delivering a Budget surplus.

Now is not the time to turn back.
