# CUTS TO MEDICARE WILL HURT OUR COMMUNITY

**Our universal healthcare is under threat from Mr Turnbull with plans to cut and sell off Medicare.**

**Mr Turnbull's cuts to Medicare will hurt every family, every day**

- ✗ Increase doctor fees and reduce bulk billing
- ✗ Push up the costs of medicine
- ✗ Make patients pay more for tests and scans

Labor believes every Australian should be able to access healthcare when and where they need it. Access to healthcare should not rely on your credit card.

**Labor gave Australians Medicare and will always protect it.**

## NEW PM WILL TAKE SCALPEL TO MEDICARE

Sunday Mail Brisbane, 27 September 2015

Mr Turnbull and the Liberals are trying to destroy Medicare through the backdoor, by slashing rebates and forcing doctors to hike fees and reduce bulk billing.

**Now the Liberals are forcing us to pay for essential scans and tests costing hundreds of dollars.**
