Subject Domain Name Application - ahpra.gov.au [SEC=UNCLASSIFIED]

Dear s 22,

The application for the domain name ahpra.gov.au has been received by the Australian Government Domain Name Administrator and is currently being considered.

As per your advice, the Australian Health Practitioner Regulation Agency (AHPRA) has been created under Queensland legislation. Please note that under the gov.au Domain Name Eligibility and Allocation Policy, the Registrant Contact must be an employee of the Registrant (refer to clause 19 http://www.domainname.gov.au/Eligibility_and_Allocation_Policy) however allowance is made for organisations that are in the process of being established.

Can you please advise if the new agency will take responsibility for the domain in due course or if the Victorian Department of Human Services will be providing ongoing management of the domain on behalf of AHPRA.

Regards
