P: 1300 498 639

Important Achievements

- Funding for PFAS contamination
- Individual Veterans' Outcomes
- Royal Commission into Banking & Financial Services
- Family Law Court Review
- Private Members Bill – ABC (Regional Funding)

"My main focus since I was elected has been fighting for residents affected by the PFAS contamination surrounding Williamtown RAAF base as well as fighting for individual Veterans entitlements.

I also fought for a review into Family Law as well as the Royal Commission into Banking and I will continue to advocate for a significant cut to immigration numbers.

Voting record

- *Supported freezing Politician's pay*
- *Opposed Same Sex Marriage*
- *Supported voluntary buy backs for PFAS contaminated areas*
- *Opposed ending offshore processing*
- *Supported ending renewal energy targets and subsidies*

I have introduced a Private Members Bill to ensure regional areas get a fair share of funding from the ABC. (Regional areas currently only receive 17% of the funding that taxpayers give ABC while 35% of the population resides in these areas)

Please contact me or my dedicated team if you need assistance in these or any other Federal issues"
