Hi s22

It was great to come and speak with your branch earlier today about safety by design, thanks again for the opportunity.

Please find the Safety by Design Implementation Guide **attached**. We encourage you to share the Guide widely within your agency and to draw from it yourselves as helpful, to promote the application of safety by design to Commonwealth system reviews and reforms.

I'm sure we'll be in touch as the systems abuse audit and plans for the Secretaries Working Group progress.

Kind regards,

s22

Hi s22

s22 and I are looking forward to speaking with your branch tomorrow. We have some slides to guide the presentation and discussion which I've attached here. Would someone on your end be able to assist with sharing these through Teams?

Thanks,

s22

Hi s22

Thank you for your email.

Our branch would be very grateful for a presentation from your team.

Please let us know your teams upcoming availability. We can send out a meeting invite once we have an agreed date and time.

Am I right that the presentation would take place over teams?

Thanks

Hi s22

Thanks for following up on this one and apologies it has taken us a little bit to come back to you.

On the safety by design webinar, we have extended the capacity and have confirmed all Finance colleagues we received an RSVP for are able to attend, and should have the webinar in their calendars. This comprises Finance colleagues as advised by s22 (see attached).

My team would also be happy to arrange a presentation and discussion to interested colleagues in Finance on the Safety by Design Implementation Guide. The presentation/discussion would primarily be an overview of the guide and safety by design principles, and how it can be used by government agencies, including an explanation of the proposed phased approach. We would also be able to speak to some insights from our consultations through the audit on where and how Commonwealth systems are being weaponised by FDV perpetrators. If that's of interest to your teams, please let us know and we would be more than happy to arrange a time.

I'll send out an intro email to s22 in Services Australia in a moment.

Thanks,

s22

Hi wonderful OFW colleagues – I was wondering if you have an update on the below? I recall early conversations about potentially increasing capacity of your *Safer by Design* webinar further too.

Cheers, s22

Good afternoon s22 [redacted] – I am writing to tee you up with the Directors (cc’ed) in the Comcover and Discretionary Payments Claims Branch here at Finance to:

1. help connect them with Services Australia colleagues who conducted the Safety by Design Review, and
2. discuss options for an OFW-led workshop with the branch on safety by design (perhaps drawing on your earlier presentation to the EGBV IDC or the upcoming webinar).

The branch have been doing a lot of work on trauma-informed policy and are keen to draw on your expertise and Services Australia’s practical insights about how to design Cth systems to ensure the safety of the individuals.

Happy to discuss, s22 [redacted]
