

Mobile Panel Fact Sheet

November 2016

What are Mobile Services?

Mobile services are mobile carriage, end-user devices and other services that support entities to achieve the aims of the [Australian Public Service Mobile Roadmap](#) (Roadmap).

Government Objectives

The Commonwealth's objective is to establish a panel that is flexible, efficient, and responsive to changing technology and entity business requirements.

The overall strategic objectives of the coordinated procurement of Services are to:

- reduce the cost of supply to entities;
- continue to meet the business needs of entities;
- contribute to a competitive and viable industry;
- result in fair, equitable and transparent processes; and
- optimise government savings through cost reductions, improved efficiencies and promotion of behavioural change.

What is the SON (Standing Offer Number)?

The AusTender Standing Offer Number is [SON2589631](#).
